## **2. Characteristic spirit and general objectives of the school**

St. Mary's High School is a Catholic all girls voluntary secondary school with a Catholic ethos under the trusteeship of CEIST (Catholic Education an Irish Schools' Trust).

In accordance with S.15 (2) (b) of the Education Act, 1998, the Board of Management of St. Mary's High School shall uphold, and be accountable to the patron for so upholding, the characteristic spirit of the school as determined by the cultural, educational, moral, religious, social, linguistic and spiritual values and traditions which inform and are characteristic of the objectives and conduct of the school.

“Catholic Ethos” in the context of a Catholic voluntary secondary school means the ethos and characteristic spirit of the Roman Catholic Church which aims to promote:

- (a) the full and harmonious development of all aspects of the person, including the intellectual, physical, cultural, moral and spiritual aspects; and
- (b) a living relationship with God and with other people; and
- (c) a philosophy of life inspired by belief in God and in the life, death and resurrection of Jesus; and
- (d) the formation of the pupils in the Catholic faith

in accordance with the doctrines, practices and traditions of the Roman Catholic Church, and/or such ethos and/or characteristic spirit as may be determined or interpreted from time to time by the Irish Episcopal Conference.

Catholic education is therefore a lifelong process of human growth and development which has been at the heart of the Church’s mission since Jesus Christ urged his disciples to ‘go teach all nations’. The person of Christ is the core of Catholic education.

St. Mary’s High School draws on the richness of the religious and cultural heritage of the past, interpreted and lived out for students living in today’s world. The charism of founder Nano Nagle of the Presentation Sisters who began this school is of very significant importance in the life of the school.

As a CEIST school, St. Mary’s High School values teaching as one of the most important of all human activities. Our school seeks to build a quality learning community that welcomes, and bears witness to the Gospel values of Jesus Christ, expressed through the lens of the CEIST Charter. These are encapsulated in the core values which are intended to support and nourish the lives of the people who are at the heart of our schools.

- ***Promoting Spiritual and Human Development***
- ***Achieving Quality in Teaching and Learning***
- ***Showing Respect for Every Person***
- ***Creating Community***
- ***Being Just and Responsible***

St. Mary’s High School is inspired by the words of Jesus Christ to his disciples, “I have come that they may have life and have it to the full” (Jn 10:10). Because of this, St. Mary’s High School provides a rich, holistic education in the Catholic tradition where engagement with and development of the whole person; the intellectual, moral, religious, physical, spiritual and psychological are at the core of our practice.

Education has as its goal the formation of a human person who is free, rational and mature in relationships. St. Mary’s High School offers educational opportunities which promote

excellence so that students can respond responsibly and creatively to their own lives, the lives of others and to the earth, which is our common home.

In St. Mary's High School the dignity and uniqueness of every human being as a child of God is acknowledged and affirmed. The Catholic school is an inclusive community, ideally built on love and formed by the interaction and collaboration of its various components: students, parents, teachers, non-teaching staff and members of the Board of Management. Catholic schools are also outward looking. They are connected to their local parish and Diocese and other local organisations which enrich the life of the school. Our school draws on the rich resources of the local community and, in turn, contributes to the life of the local community.

As a Catholic school, Religious Education is central to our curriculum. Alongside Religious Education, the school supports the formation in faith of our students through many school-based experiences of prayer and ritual. All students' spiritual growth is further enhanced through such areas as sport, language, nature, art, poetry and music.

St. Mary's High School is a school in the Presentation tradition drawing inspiration from the spirit and life of Nano Nagle. Presentation schools promote the development of a community of faith inspired by Gospel values. The community of the school works in a holistic manner to ensure that dependence is gradually replaced by responsibility for self, society and the world. The dignity of each student, staff member and parent is honoured and reflected in school policies and structures, including this policy. While educational excellence is promoted, it is the needs of the learner that direct the development of the school. Where possible schools are encouraged to engage with alternative approaches to education for those who are most disadvantaged, promoting a spirit of service and care.

St. Mary's High School was founded to care for the poor and disadvantaged in every sense, and to give priority to religious and moral education.

In accordance with this tradition, St. Mary's High School seeks to:

- Provide a broad curriculum catering for the needs of all students and to prepare them for their role as citizens of Europe and the World
- Help each student achieve her full potential in academic, personal, social and moral development and to provide for Pastoral Care and Remedial Education as required
- Foster the personal and professional growth of staff reflecting change in society
- Establish and welcome the investment of the total school community
- Chun ár n-oidhreacht, gur dlúth chuid di ár gcreideamh agus béasa agus bealaí ár dtìre, a chur chun cinn

St. Mary's High School is committed to:

- witness of Gospel values
- curriculum innovation
- leisure education
- media education
- civil, social and political education
- equality,
- respect for the environment
- justice

St. Mary's High School is a school which has established a class, with the approval of the Minister for Education and Skills, which provides an education exclusively for students with Autistic Spectrum Condition (ASD / ASC ) and may refuse to admit to the class a student who does not have the category of needs specified.

#### **4. Categories of Special Educational Needs catered for in the school/special class**

St Mary's High School's ASC class (The Hub) reflects the inclusive ethos of our school. Our aim is to allow our students to develop to their full learning potential, in an environment that offers clarity, predictability and calm. We recognize the importance of enabling students on the autism spectrum to belong to an educational community without prejudice and within which individual difference is celebrated.

It is strongly recommended but not a requirement or condition of admission that Parents/Guardians seeking to enroll a student should make an appointment with the Special Educational Needs coordinator & ASC class teacher at the earliest opportunity to discuss the support provided in the ASC class and the needs of the applicant.

The standard enrolment procedures apply in the first instance in conjunction with the following procedures & documentation:

- All students applying for a place The Hub should apply in the same way as all applicants, following the standard enrolment procedures and on the standard enrolment form.
- The applicant must have a primary diagnosis of Autism meeting DSM IV/V or ICD 10 diagnostic criteria and a recommendation that they require the support of a special class in a mainstream setting.
- All applications must be accompanied by a recent multi-disciplinary report or assessment completed by qualified, registered psychologists/therapists. Applications must also be accompanied by any other relevant reports and information from any support service involved with the student. Withholding reports from the school may invalidate an enrolment application.
- The recommendation of the Special Educational Needs Organizer (SENO) for the area.
- The applicant should be capable of some integration into mainstream classes & curriculum at a meaningful level and appropriate age.

The following criteria will apply in allocating places in the ASC special class:

- That there is available space. Presently there is one class in the school catering for 6 students. This is in line with NCSE recommendations.
- That the needs of the student as identified can be met within the ASC class.
- Where there are more applicants than places the criteria for selection as outlined in **Section 6 Oversubscription** in this policy will apply. Where these criteria are exhausted the remaining places will be allocated by lottery.

The ASC special class admissions policy will be monitored and reviewed on an ongoing basis.

## 6. Oversubscription (this section must be completed by all schools including schools that do not anticipate being oversubscribed)

In the event that the school is oversubscribed, the school will, when deciding on applications for admission, apply the following selection criteria in the order listed below to those applications that are received within the timeline for receipt of applications as set out in the school's annual admission notice:

Criteria in order of priority for allocation of places. (These will apply if applications received prior to the closing date exceed the number of available places as determined by the Board of Management).

1. Girls assessed as having a primary diagnosis of Autism meeting DSM IV/V or ICD 10 diagnostic criteria and a recommendation that they require the support of a special class in a mainstream setting, subject to the overall limit of available spaces in the special class (The Hub). The Hub can accommodate six students in total. In the event of demand for places in the special class (The Hub) exceeding the number of available places, offers will be made on the basis of the criteria below. Please note also that applicants under this category will also be asked if they wish to be considered for a mainstream place in the event of not securing a place in the special class subject to the criteria below (provided application is in by due date).

2. Sisters of present/past students (provided application is in by due date).

3. Daughters of eligible staff of the school (provided application is in by due date).

4. Daughters of Past Pupils (provided application is in by due date).

In the event that, having catered to applicants in categories 1 – 3 above, there are remaining places available - 25% of ALL the available places as set out in the school's annual admission notice will be allocated to students in Category 4. e.g. If 120 places are available in 1<sup>st</sup> Year and 80 have been allocated in categories 1- 3 above and there are 40 places remaining, then 25% of 120 will be allocated to Category 4 which is equivalent to 30 places. The number of places will be rounded down to the nearest whole number in the event of the calculation of the 25% presenting a decimal/fraction in the outcome. Note: If there are more applicants in Category 4 than there are places available, then a Lottery will take place.

5. Girls currently (at the time of application) enrolled in Sixth Class in a primary school which has traditionally provided students for St. Mary's High School, Midleton provided application is in by due date. The list of schools in the catchment area can be found in an Appendix A to this policy.

6. All other applicants

In the event that there are two or more students tied for a place or places in any of the selection criteria categories above (the number of applicants exceeds the number of remaining places), the following arrangements will apply:

All applications received prior to the closing date will be allocated places on the basis of a lottery, supervised by a nominee of the Parents Association, a nominee of the Student Council, a nominee of the Board of Management and an independent observer, external

to the school. Applicants who do not receive a place at this stage will be placed on a numbered waiting list in the order in which they were drawn in the lottery. Parents shall be informed of their daughter's place on the waiting list. If a vacancy arises it will be offered to the applicant highest on the waiting list.

In all cases, when a lottery is being conducted, applications received on behalf of twins, triplets, or sisters from the same family unit will be treated as one applicant. This will neither increase nor reduce the chances of any applicant being offered a place.
